

# MY WORLD ARMADALE OSHC NEWS

## At My World, Ordinary Just Won't Do...

We believe every child has  
the right to be:

- \* Valued as a gift
- \* Heard & Acknowledged
- \* Enabled to dream big & reach high

Government assistance.

Please feel free to contact  
Tamara on 0459 991 097

## Parenting

The crazy thing about parenting is just when you thought you were getting the hang of it, the game changes. Call it, entering a different 'stage' or 'level' it's sure to stretch you with all it's challenges.

Rose Homan gets it. With grown children of her own, she now works with Communicare Armadale, to support those in the most important role.

Soon Rose will be available to meet and share a coffee with you. Please keep an eye out for her at the centre and make her feel welcome.

**National Families Week**  
15-21 MAY 2017

## Sun Smart

My World Armadale OSHC staff have been undergoing Sun Smart training.

It's goal is to provide better protection for your child as they play in our great outdoors.

We need your bright ideas.

It's frightening, but school holidays will be here before we know it; and we'd like to be organised - super organised!

There's a lot that goes into it. So, if you have ideas on where you'd like your child to go, or experiences you'd like them to have, please let us know when you're in next.

## First Things First

You've heard the saying, "minutes matter". Thankfully, all the My World Armadale OSHC staff have first aid training.

Director Tamara Nixon says, "We're excited that all our staff have been through this process. It gives us greater depth within our team to handle circumstances we hope we don't need to use."

## Kingsley Primary School 'Be Strong - Work as a Team'

Be Strong: Work As A Team

Another of our featured schools is Kingsley Primary School. Located in bush surrounds of Armadale, a big emphasis of this school is on music and physical education. My World Armadale OSHC has serviced this school over the many years.

For enrolment information you can contact them directly...
